SLOW DEATH

Suggested for Mr. Goebel's Murderer by Col. Granville Philpot.

LONDON, Ky., Feb. 8.—Granville Philpot, who represented the county of Clay in the last Legislature, came to London to day from his home fifteen miles east of here. He had heard of the assassination of Senator Goebel, but knew none of the details of the shooting, to which he listened.

"Why," he said, "that is nearly how my nephew, Robert Philpot, was shot in the fight with the Griffins last summer, when there were eight in the shooting, four on a side, and four were killed, two wounded and two not touched, but Robert, he got well. The bullet went in just above the top of his vest pocket, bored through the right lung and came out just grazing the spinal column. It was a Winchester bullet, and it made him mighty sick for a while, but he was young and healthy and strong as a mule, and with the doctoring of the women folks he got through all right, and can do a day's work now as good as most any man in the timber.

"Though I am a republican, Mr. Goebel and I were splendid friends, and I am mighty sorry that he got killed. If I had known this was his funeral day I would have gone to Frankfort. If they find out who killed him there ought not to be any quibbling about what to do with the skunk who did the shooting or those who put him up to do it. They just ought to kill them in the way that would hurt the most. They ought to fix the assassin so he would be just as long about dying as Mr. Goebel was. It's all right to shoot a man when he has done you a personal wrong, but when it comes to shooting him behind his back just because he is against you in politics; that ain't right.

"We have quieted down in Clay now, and I don't think there will be any more feuds over there. The killings in the past two years have been tremendous, and we can't afford to do much more fighting if we want to keep people in the county."—Cincinnati Enquirer.

Coughed 25 Years.

I suffered for 25 years with a cough, and spent hundreds of dollars with doctors and for medicine to no avail until I used Dr. Bell's Pine Tar Honey. This remedy makes weak lungs strong. It has saved my life.—J. B. ROSSELL, Grantsburg, Ill.

The new Hay-Pauncefote treaty is a gem of diplomacy from a British point of view. The United States is to do all the work, pay all the money, accept all the responsibility, and then when war comes is to permit its enemies free use of the canal on equal terms with itself. Nay, more, it is not to fortify its property and is consequently to leave it free to seizure by any superior naval power with which it may go to war. In other words, if it wars with Great Britain or any other stronger naval power, the canal may be seized and used by that power and not by the United States at all. And all these things are conceded in order to secure the formal consent of Great Britain to abrogate a treaty which she has already broken.

Battle Begun.

The Colorado Press Association last week adopted resolutions pledging the association to oppose for re-election any member or senator in congress who does not favor the immediate repeal of the duties on paper.

The association appointed a committee who were authorized later to issue a card to the publishers of American inviting the publishers to send a representative to the National Editors' Association which meets in New Orleans, February 26 for the purpose of taking part in the discussion for the removal of tariff on wood pulp and all material entering into the manufacturing of paper.

The tariff on white paper is \$6 per ton, and the price of it has, within the last year, been raised by the trust from \$1.90 to \$4 per cwt. On with the battle. We are opposed to tariff on anything, except for revenue only, and all forms of trusts. The doctrines of high tariff and trusts have come from the republican papers, and they must now sit down and foot the bills or eat crow.

While it is an expensive luxury for the democratic papers to have to pay such exorbitant prices for paper, there is some satisfaction in seeing the republican papers kick when they are hit so hard by their own creatures.

Court Committed Itself.

The prisoner was making his appearance before the magistrate for the hundredth time.

"Well," said the magistrate, "you here again?"

"Yes, your honor," responded the prisoner.

"What's the charge?"

"Vagrancy—same as before, your honor."

"It seems to me you are here about half your time."

"Yes, about that, your honor."

"Well, what do you do it for? Why don't you work?"

"I do, your honor, more than half my time."

"Ah, now," said the magistrate, surprised, "if you can tell me where you have ever worked, I'll let you off."

"In prison, your honor," answered the prisoner, brazenly, and the judge kept his word.—Collier's Weekly.

Lung Irritation

is the forerunner to consumption. Dr. Bell's Pine Tar Honey will cure it, and give such strength to the lungs that a cough or a cold will not settle there. 25¢ at all good druggists.

It's a pity that Kentucky could not have been represented at the Hague peace conference. In view of the excellent results in South Africa and the Philippines brought about by that august assemblage, it seems certain that President McKinley might be induced to offer mediation under the treaty if Kentucky had been a part to it.

Send one dollar to the Frankfort Daily State Democrat and get that paper during the entire session. Full proceedings published each day, and particulars regarding the contests for state offices.

We sincerely hope that Judge William H. Taft will settle Kentucky's troubles before going to the Philippines, as he intends to stay there two years, or otherwise it may be that when he returns, he may find that Kentucky has been disfranchised out of the union.

KENTUCKY is noted for its pretty women, for the best whiskey, for the fastest race horses, for the best statesmen, for the best tobacco, for more shooting scrapes, and last but not least, it is noted to have one more governor than any other state in the union.

The prohibitionists will hold convention at Chicago, June 27th, to nominate candidates for president and vice president.

The latest on the bulletin board is "That congress has decided not to annex Kentucky at present."

Is it possible that De Rodays has been using Count de Castellane in order to boom his circulation?

SEVERAL of the counties in this commonwealth have lady superintendents of schools, and in every county where the experiment has been tried the elevation of the morals has been quite marked. Breathitt had Miss Cattie Little as superintendent, Lee had Miss Lillie Mahan as superintendent, Madison's schools were supervised by a Miss Millien, and in every instance the moral improvement was marked and the educational advancement exemplary. The county of Clark now has a lady superintendent, and, though she succeeded Mr. Lyddane, one of the best educators in the state, the school houses are more cleanly, the scholars more courteous, and the general conduct more commendable. We have thus prefaced the announcement of Miss Lula Kash, who aspires to the nomination of superintendent of schools for Wolfe county, and submits her claims to the will of the democratic party. Miss Lula Kash has a large and influential retinue of relatives, and is one of the best scholars in our county. She has taught 11 schools, two of which were her home school, and during all of the 55 months of school service not a complaint was ever made from any of the 11 districts. She holds three first-class certificates, viz: From Lee county, Morgan county and Wolfe county, and two years ago she with two others from this county, was granted a state certificate. The fact that she has taught 11 school years and holds three first-class certificates, supplemented with the further fact that she holds a state certificate is prima facie evidence that she is eminently qualified for the position to which she aspires. She is a lady, and chivalric Kentuckians, of which Wolfe contains her quota, will hardly have it said of them hereafter, that they failed to honor a lady, richly endowed with both brains and beauty, when the opportunity was offered them. We take it, therefore, that the aspirant who carries off the honors in this instance will have a "pull" that is at present veiled from our view. Our individual knowledge prompts us to say that if nominated and elected Miss Lula will make the county as good a superintendent as it ever had and in some respects a better one.

EDITORIAL BRIEFS.

A glance at Kentucky ought to assure Aguinaldo that the Filipinos have no monopoly of the movable capital idea.

The wheels of the republican machine will be greased with "Standard oil" this fall, just as they have been in former elections.

General Joubert has again risen from his death bed and returned to the front. Some one should tell the man that he is dead and induce him to stop making such an exhibition of himself.

The President, it is said, has yielded to the wishes of his party, and consented to deprive Porto Rico of the privileges to which he, two months ago, declared her entitled by every consideration of justice and fair dealing.

If it was treachery for General Otis to modify the President's proclamation in the hope of preventing war, and treachery for some one to pay \$4,000 tolls on Senator Hear's speech regarding the Philippines, what term can be found harsh enough to characterize the acts of those who inform the Fillipinos of the state of affairs in Kentucky and of the "sweetness and light" which characterizes their future rulers.

Now that the Hague peace treaty has been ratified, will President McKinley kindly offer mediation, as he is entitled to do under it without his action being considered an unfriendly act by either party?

Do the American people realize that to ratify the Hay-Pauncefote treaty is to recognize Great Britain as our suzerain? By it we give her the right to oversee our treaties with independent countries, which is exactly what she claims in reference to the Boers.

The new amendment offered by the senate finance committee makes most decent people ill. It provides that the act is not to be construed to place any obstacles in the way of international bimetalism. Whom do the senators think they can deceive by this farcical addition? Haven't they even the courage of their convictions?

Arizona, New Mexico, and Oklahoma, will be delighted to learn that committees of both the house and the senate have decided that they are on the same plane as Porto Rico and the Philippines, and have absolutely no rights whatever except that congress has seen fit to grant them. They are officially declared to be "outside the constitution."

Philadelphia seems to have bunced the republican national committee. So far, by the most strenuous efforts, that city has raised only \$12,000 in cash and \$40,000 in promises towards the \$100,000 bonus that it offered for the national convention. Merchants there will not put up the cash to secure such a cut-and-dried affair as the convention will be.

MINA'S WEDDING DRESS.

There is a treasure that I love,
 'Tis one I dearly prize,
 A perfect dream of loveliness
 As pure as summer skies;
 'Tis kept within a hallowed place,
 In all its sacredness,
 Where naught can mar the purity of
 Fair Mina's wedding dress.

Ah, life was more than life to me,
 When, O! a heavenly ray
 In splendor shone around her heart.
 On that fair nuptial day.
 No mortal tongue could e'er unfold
 The joy and happiness
 That formed a halo round the scene,
 When Mina wore this dress.

We sailed along the sea of life
 And not a wave did rise
 To mar the sweet serenity
 Of our two happy lives.
 We sang life's story o'er and o'er
 With love's purest strain;
 And O, the melodies of those chords
 I'll never hear again.

And when death came to close her eyes,
 Those eyes of love and light,
 She changed this earthly garment for
 A robe of purest white.
 And O, I love it, love it still,
 And always will possess
 This priceless treasure until death,
 Fair Mina's wedding dress.

As Others See Us.

Spencer Cooper, editor of the Hazel Green HERALD, is a candidate for assessor of Wolfe county. He deserves this honor at the hands of the democracy of that county, and we hope he will win.—Mt. Sterling Gazette.

Spencer Cooper, publisher of the Hazel Green HERALD, is a candidate for assessor of Wolfe county. Success to you, Spencer. You have been a faithful expounder of democratic doctrine and have fought well its battles for many years, and you deserve recognition at the hands of your party.—Winchester Sun.

Spencer Cooper, of the Hazel Green HERALD, has announced as a candidate for assessor of Wolfe county. Bro. Cooper is one of the best democrats of the state, and for fifteen years has fought the battles of his party without personal reward, save the inward feeling of duty well done; and without saying anything adverse to the claims of other candidates for the same place, we know that Wolfe county never had a more competent official than Bro. Cooper could make.—Jackson Hustler.

Dr. Collier, the dentist, is at the Day House for a two week's stay. Those who want work done should see him at once. Dr. Collier a few weeks since visited our town for a 10 days' stay, and was so overrun with work that he had to revisit us within two weeks more and again he left with a lot of unfinished work. He is just now from Salyersville, and, as said above, will be here for a short time only. He refers inquiries as to his qualifications to his patrons, whom you should see and then give him a call.

The series of meetings began at the Christian church on last week by Wm. H. Cord, is still in progress with unabated interest. Notwithstanding the very inclement weather the audiences have been large and attentive. There have been—up to Wednesday morning—twenty-seven sessions, twenty of whom are by primary obedience. There will be baptisms this (Thursday) afternoon at the river.

Isaac Combs, son of our fellow-townsmen, William M. Combs, is a candidate for re-election to the office of jailer of Wolfe county. He has many friends in Breathitt who wish him success. —Silas Tatt, who for several years was a student at the S. P. Lee Collegiate Institute, and who has many relatives and friends in Breathitt, wants to succeed himself as county clerk of Wolfe county.—Jackson Hustler.

Wonderful are the cures by Hood's Sarsaparilla and yet it is only because it is the one true blood purifier, it makes pure, rich, healthy, life-giving blood.

Hood's Pills for the liver and bowels, act easily, yet promptly. 25c.

Rev. Wm. H. Cord, minister of the Christian church, baptized thirteen converts in that belief Saturday afternoon in Red river. The meeting has been going on for a week or ten days, and much interest is manifested.

Mrs. Lizzie Cecil, wife of O. W. Cecil, had a narrow escape on Friday the 9th inst., from being burned seriously. She was washing out in the yard, and while lifting the clothes from the kettle, her clothing caught fire, but with her daughter's assistance the flames were extinguished with slight burns on the hands and arms. Miss Nannie was also slightly burned on the hands by helping to put the fire out.

There has been an advance of from forty to sixty per cent on newspaper. The big dailies and all the weeklies will soon have to advance in price, and all those wishing to club with THE HERALD should do so at once and take advantage of the low rates. You will have to be quick about it, or you will be too late.

Household Goods for Sale.

Commencing to day (Thursday) I will sell my entire household goods, including a horse and buggy and new sewing machine. If you want a bargain, come early.
 DR. SILAS B. KASH.

Mrs. Silas B. Kash returned on Sunday morning from Ezel where she was in attendance at the infare of Willie Pieratt and bride. She was accompanied home by Curtis Pieratt.

From an exchange we clip the following: "At London, Ky, John Jump, aged 92 years, and Miss Sarah F. Kerr, aged 21, were married." Don't get discouraged girls.

Dr. John Taulbee, who was quite sick several days last week with la grippe, is able to be out again and to attend to his professional duties.

Mrs. Roe Linden, of Gilmore, accompanied by her son Cesar and daughter, Miss Lizzie, were in town shopping on Friday last.

Miss Stella, daughter of our Representative Joseph Rose, was the pleasant guest of Mrs. Alice Pieratt on Thursday last.

Rev. Kelly McClure will preach Saturday night and Sunday at the Methodist church, fulfilling Rev. Pike's appointment.

This is good weather for that dreaded disease, la grippe, and quite a number in this section have got an attack of it.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Nelson Nickell, ex-town marshal of Hazel Green, was in Daysboro Friday and seeing he wore an unusual grin on his face, we were at a loss to account for it, but we found after while that he was no longer

town marshal, and yet had a few friends in and about Hazel Green.

We attended the singing school on Gillmore on last Thursday, and at noon Rev. H. D. Adams and ye scribe called on an old friend of ours, Madison Hatfield. If we had sent him word six months before that we were coming, I doubt that he could have been better prepared to receive us, or at least prepared a dinner that we could have enjoyed more.

The New York World,

Thrice-a-Week Edition.

ALMOST A DAILY—AT THE PRICE OF A WEEKLY.

The most widely circulated "weekly" newspaper in America is the Thrice-a-Week edition of The New York World, and with the Presidential campaign now at hand you cannot do without it. Here are some of the reasons why it is easily the leader in dollar a year journalism.

It is issued every other day, and is to all purpose a daily.

Every week each subscriber receives 18 pages and often during the "busy" season 24 pages each week.

The price is only \$1.00 per year. It is virtually a daily at the price of a weekly.

Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service.

The Thrice-a-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—The New York World.

Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on.

The best of current fiction is found in its columns.

These are only some of the reasons; there are others. Read it and see them all.

We offer this unequalled newspaper and THE HAZEL GREEN HERALD together one year for \$1.50.

The regular subscription price of the two papers is \$2.00.

SLOW DEATH

Suggested for Mr. Goebel's Murderer by Col. Granville Philpot.

LONDON, Ky., Feb. 8.—Granville Philpot, who represented the county of Clay in the last Legislature, came to London to day from his home fifteen miles east of here. He had heard of the assassination of Senator Goebel, but knew none of the details of the shooting, to which he listened.

"Why," he said, "that is nearly how my nephew, Robert Philpot, was shot in the fight with the Griffins last summer, when there were eight in the shooting, four on a side, and four were killed, two wounded and two not touched, but Robert, he got well. The bullet went in just above the top of his vest pocket, bored through the right lung and came out just grazing the spinal column. It was a Winchester bullet, and it made him mighty sick for a while, but he was young and healthy and strong as a mule, and with the doctoring of the women folks he got through all right, and can do a day's work now as good as most any man in the timber.

"Though I am a republican, Mr. Goebel and I were splendid friends, and I am mighty sorry that he got killed. If I had known this was his funeral day I would have gone to Frankfort. If they find out who killed him there ought not to be any quibbling about what to do with the skunk who did the shooting or those who put him up to do it. They just ought to kill them in the way that would hurt the most. They ought to fix the assassin so he would be just as long about dying as Mr. Goebel was. It's all right to shoot a man when he has done you a personal wrong, but when it comes to shooting him behind his back just because he is against you in politics; that ain't right.

"We have quieted down in Clay now, and I don't think there will be any more feuds over there. The killings in the past two years have been tremendous, and we can't afford to do much more fighting if we want to keep people in the county."—Cincinnati Enquirer.

Coughed 25 Years.

I suffered for 25 years with a cough, and spent hundreds of dollars with doctors and for medicine to no avail until I used Dr. Bell's Pine Tar Honey. This remedy makes weak lungs strong. It has saved my life.—J. B. ROSSELL, Grantsburg, Ill.

The new Hay-Pauncefote treaty is a gem of diplomacy from a British point of view. The United States is to do all the work, pay all the money, accept all the responsibility, and then when war comes is to permit its enemies free use of the canal on equal terms with itself. Nay, more, it is not to fortify its property and is consequently to leave it free to seizure by any superior naval power with which it may go to war. In other words, if it wars with Great Britain or any other stronger naval power, the canal may be seized and used by that power and not by the United States at all. And all these things are conceded in order to secure the formal consent of Great Britain to abrogate a treaty which she has already broken.

Battle Begun.

The Colorado Press Association last week adopted resolutions pledging the association to oppose for re-election any member or senator in congress who does not favor the immediate repeal of the duties on paper.

The association appointed a committee who were authorized later to issue a card to the publishers of American inviting the publishers to send a representative to the National Editors' Association which meets in New Orleans, February 26 for the purpose of taking part in the discussion for the removal of tariff on wood pulp and all material entering into the manufacturing of paper.

The tariff on white paper is \$6 per ton, and the price of it has, within the last year, been raised by the trust from \$1.90 to \$4 per cwt. On with the battle. We are opposed to tariff on anything, except for revenue only, and all forms of trusts. The doctrines of high tariff and trusts have come from the republican papers, and they must now sit down and foot the bills or eat crow.

While it is an expensive luxury for the democratic papers to have to pay such exorbitant prices for paper, there is some satisfaction in seeing the republican papers kick when they are hit so hard by their own creatures.

Court Committed Itself.

The prisoner was making his appearance before the magistrate for the hundredth time.

"Well," said the magistrate, "you here again?"

"Yes, your honor," responded the prisoner.

"What's the charge?"

"Vagrancy—same as before, your honor."

"It seems to me you are here about half your time."

"Yes, about that, your honor."

"Well, what do you do it for? Why don't you work?"

"I do, your honor, more than half my time."

"Ah, now," said the magistrate, surprised, "if you can tell me where you have ever worked, I'll let you off."

"In prison, your honor," answered the prisoner, brazenly, and the judge kept his word.—Collier's Weekly.

It's a pity that Kentucky could not have been represented at the Hague peace conference. In view of the excellent results in South Africa and the Philippines brought about by that august assemblage, it seems certain that President McKinley might be induced to offer mediation under the treaty if Kentucky had been a part to it.

Send one dollar to the Frankfort Daily State Democrat and get that paper during the entire session. Full proceedings published each day, and particulars regarding the contests for state offices.

We sincerely hope that Judge William H. Taft will settle Kentucky's troubles before going to the Philippines, as he intends to stay there two years, or otherwise it may be that when he returns, he may find that Kentucky has been disfranchised out of the union.

Kentucky is noted for its pretty women, for the best whiskey, for the fastest race horses, for the best statesmen, for the best tobacco, for more shooting scrapes, and last but not least, it is noted to have one more governor than any other state in the union.

The prohibitionists will hold convention at Chicago, June 27th, to nominate candidates for president and vice president.

The latest on the bulletin board is "That congress has decided not to annex Kentucky at present."

Is it possible that De Rodays has been using Count de Castellane in order to boom his circulation?

SEVERAL of the counties in this commonwealth have lady superintendents of schools, and in every county where the experiment has been tried the elevation of the morals has been quite marked. Breathitt had Miss Cattie Little as superintendent, Lee had Miss Lillie Mahan as superintendent, Madison's schools were supervised by a Miss Millien, and in every instance the moral improvement was marked and the educational advancement exemplary. The county of Clark now has a lady superintendent, and, though she succeeded Mr. Lyddane, one of the best educators in the state, the school houses are more cleanly, the scholars more courteous, and the general conduct more commendable. We have thus prefaced the announcement of Miss Lula Kash, who aspires to the nomination of superintendent of schools for Wolfe county, and submits her claims to the will of the democratic party. Miss Lula Kash has a large and influential retinue of relatives, and is one of the best scholars in our county. She has taught 11 schools, two of which were her home school, and during all of the 55 months of school service not a complaint was ever made from any of the 11 districts. She holds three first-class certificates, viz: From Lee county, Morgan county and Wolfe county, and two years ago she with two others from this county, was granted a state certificate. The fact that she has taught 11 school years and holds three first-class certificates, supplemented with the further fact that she holds a state certificate is prima facie evidence that she is eminently qualified for the position to which she aspires. She is a lady, and chivalric Kentuckians, of which Wolfe contains her quota, will hardly have it said of them hereafter, that they failed to honor a lady, richly endowed with both brains and beauty, when the opportunity was offered them. We take it, therefore, that the aspirant who carries off the honors in this instance will have a "pull" that is at present veiled from our view. Our individual knowledge prompts us to say that if nominated and elected Miss Lula will make the county as good a superintendent as it ever had and in some respects a better one.

EDITORIAL BRIEFS.

A glance at Kentucky ought to assure Aguinaldo that the Filipinos have no monopoly of the movable capital idea.

The wheels of the republican machine will be greased with "Standard oil" this fall, just as they have been in former elections.

General Joubert has again risen from his death bed and returned to the front. Some one should tell the man that he is dead and induce him to stop making such an exhibition of himself.

The President, it is said, has yielded to the wishes of his party, and consented to deprive Porto Rico of the privileges to which he, two months ago, declared her entitled by every consideration of justice and fair dealing.

If it was treachery for General Otis to modify the President's proclamation in the hope of preventing war, and treachery for some one to pay \$4,000 tolls on Senator Hear's speech regarding the Philippines, what term can be found harsh enough to characterize the acts of those who inform the Fillipinos of the state of affairs in Kentucky and of the "sweetness and light" which characterizes their future rulers.

Now that the Hague peace treaty has been ratified, will President McKinley kindly offer mediation, as he is entitled to do under it without his action being considered an unfriendly act by either party?

Do the American people realize that to ratify the Hay-Pauncefote treaty is to recognize Great Britain as our suzerain? By it we give her the right to oversee our treaties with independent countries, which is exactly what she claims in reference to the Boers.

The new amendment offered by the senate finance committee makes most decent people ill. It provides that the act is not to be construed to place any obstacles in the way of international bimetalism. Whom do the senators think they can deceive by this farcical addition? Haven't they even the courage of their convictions?

Arizona, New Mexico, and Oklahoma, will be delighted to learn that committees of both the house and the senate have decided that they are on the same plane as Porto Rico and the Philippines, and have absolutely no rights whatever except that congress has seen fit to grant them. They are officially declared to be "outside the constitution."

Philadelphia seems to have bunced the republican national committee. So far, by the most strenuous efforts, that city has raised only \$12,000 in cash and \$40,000 in promises towards the \$100,000 bonus that it offered for the national convention. Merchants there will not put up the cash to secure such a cut-and-dried affair as the convention will be.

MINA'S WEDDING DRESS.

There is a treasure that I love,
 'Tis one I dearly prize,
 A perfect dream of loveliness
 As pure as summer skies;
 'Tis kept within a hallowed place,
 In all its sacredness,
 Where naught can mar the purity of
 Fair Mina's wedding dress.

Ah, life was more than life to me,
 When, O! a heavenly ray
 In splendor shone around her heart.
 On that fair nuptial day.
 No mortal tongue could e'er unfold
 The joy and happiness
 That formed a halo round the scene,
 When Mina wore this dress.

We sailed along the sea of life
 And not a wave did rise
 To mar the sweet serenity
 Of our two happy lives.
 We sang life's story o'er and o'er
 With love's purest strain;
 And O, the melodies of those chords
 I'll never hear again.

And when death came to close her eyes,
 Those eyes of love and light,
 She changed this earthly garment for
 A robe of purest white.
 And O, I love it, love it still,
 And always will possess
 This priceless treasure until death,
 Fair Mina's wedding dress.

As Others See Us.

Spencer Cooper, editor of the Hazel Green HERALD, is a candidate for assessor of Wolfe county. He deserves this honor at the hands of the democracy of that county, and we hope he will win.—Mt. Sterling Gazette.

Spencer Cooper, publisher of the Hazel Green HERALD, is a candidate for assessor of Wolfe county. Success to you, Spencer. You have been a faithful expounder of democratic doctrine and have fought well its battles for many years, and you deserve recognition at the hands of your party.—Winchester Sun.

Spencer Cooper, of the Hazel Green HERALD, has announced as a candidate for assessor of Wolfe county. Bro. Cooper is one of the best democrats of the state, and for fifteen years has fought the battles of his party without personal reward, save the inward feeling of duty well done; and without saying anything adverse to the claims of other candidates for the same place, we know that Wolfe county never had a more competent official than Bro. Cooper could make.—Jackson Hustler.

Dr. Collier, the dentist, is at the Day House for a two week's stay. Those who want work done should see him at once. Dr. Collier a few weeks since visited our town for a 10 days' stay, and was so overrun with work that he had to revisit us within two weeks more and again he left with a lot of unfinished work. He is just now from Salyersville, and, as said above, will be here for a short time only. He refers inquiries as to his qualifications to his patrons, whom you should see and then give him a call.

The series of meetings began at the Christian church on last week by Wm. H. Cord, is still in progress with unabated interest. Notwithstanding the very inclement weather the audiences have been large and attentive. There have been—up to Wednesday morning—twenty-seven sessions, twenty of whom are by primary obedience. There will be baptisms this (Thursday) afternoon at the river.

Isaac Combs, son of our fellow-townsmen, William M. Combs, is a candidate for re-election to the office of jailer of Wolfe county. He has many friends in Breathitt who wish him success. —Silas Tatt, who for several years was a student at the S. P. Lee Collegiate Institute, and who has many relatives and friends in Breathitt, wants to succeed himself as county clerk of Wolfe county.—Jackson Hustler.

Wonderful are the cures by Hood's Sarsaparilla and yet it is only because it is the one true blood purifier, it makes pure, rich, healthy, life-giving blood.

Hood's Pills for the liver and bowels, act easily, yet promptly. 25c.

Rev. Wm. H. Cord, minister of the Christian church, baptized thirteen converts in that belief Saturday afternoon in Red river. The meeting has been going on for a week or ten days, and much interest is manifested.

Mrs. Lizzie Cecil, wife of O. W. Cecil, had a narrow escape on Friday the 9th inst., from being burned seriously. She was washing out in the yard, and while lifting the clothes from the kettle, her clothing caught fire, but with her daughter's assistance the flames were extinguished with slight burns on the hands and arms. Miss Nannie was also slightly burned on the hands by helping to put the fire out.

There has been an advance of from forty to sixty per cent on newspaper. The big dailies and all the weeklies will soon have to advance in price, and all those wishing to club with THE HERALD should do so at once and take advantage of the low rates. You will have to be quick about it, or you will be too late.

Household Goods for Sale.

Commencing to day (Thursday) I will sell my entire household goods, including a horse and buggy and new sewing machine. If you want a bargain, come early.
 DR. SILAS B. KASH.

Mrs. Silas B. Kash returned on Sunday morning from Ezel where she was in attendance at the infare of Willie Pieratt and bride. She was accompanied home by Curtis Pieratt.

From an exchange we clip the following: "At London, Ky., John Jump, aged 92 years, and Miss Sarah F. Kerr, aged 21, were married." Don't get discouraged girls.

Dr. John Taulbee, who was quite sick several days last week with la grippe, is able to be out again and to attend to his professional duties.

Mrs. Roe Linden, of Gilmore, accompanied by her son Cesar and daughter, Miss Lizzie, were in town shopping on Friday last.

Miss Stella, daughter of our Representative Joseph Rose, was the pleasant guest of Mr. Alice Pieratt on Thursday last.

Rev. Kelly McClure will preach Saturday night and Sunday at the Methodist church, fulfilling Rev. Pike's appointment.

This is good weather for that dreaded disease, la grippe, and quite a number in this section have got an attack of it.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Will some one tell where all the robins are gone? I have not seen but two or three in the last four or five years, and these I seen about the premises of uncle John Rose of Lacy creek.

Harry B. Nodley passed through Daysboro Friday, hauling goods to Lee City. Rob don't seem to like our dirt roads as well as he does the pike between Swango Springs and Hazel Green.

Jeff Cruzy came near getting a fine mule drowned Friday in Red River, when crossing the river with the steam boiler, his off mule fell and having tangled in the traces of his saddle mule, and was under the water for sometime before they could get him out.

Nelson Nickell, ex-town marshal of Hazel Green, was in Daysboro Friday and seeing he wore an unusual grin on his face, we were at a loss to account for it, but we found after while that he was no longer

town marshal, and yet had a few friends in and about Hazel Green.

We attended the singing school on Gillmore on last Thursday, and at noon Rev. H. D. Adams and ye scribe called on an old friend of ours, Madison Hatfield. If we had sent him word six months before that we were coming, I doubt that he could have been better prepared to receive us, or at least prepared a dinner that we could have enjoyed more.

The New York World,

Thrice-a-Week Edition.

ALMOST A DAILY—AT THE PRICE OF A WEEKLY.

The most widely circulated "weekly" newspaper in America is the Thrice-a-Week edition of The New York World, and with the Presidential campaign now at hand you cannot do without it. Here are some of the reasons why it is easily the leader in dollar a year journalism.

It is issued every other day, and is to all purpose a daily.

Every week each subscriber receives 18 pages and often during the "busy" season 24 pages each week.

The price is only \$1.00 per year. It is virtually a daily at the price of a weekly.

Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service.

The Thrice-a-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—The New York World.

Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on.

The best of current fiction is found in its columns.

These are only some of the reasons; there are others. Read it and see them all.

We offer this unequalled newspaper and THE HAZEL GREEN HERALD together one year for \$1.50.

The regular subscription price of the two papers is \$2.00.
